Obtain and use energy

Bio · U0 · L3 · A · 29/30

A strawberry plant sends out runners that root and become new plants.
example

Bio · U0 · L3 · A · 05/30

Universal genetic code (DNA)

Bio · U0 · L3 · A · 07/30

Over thousands of years, arctic fox populations came to have white winter coats.
example

Bio · U0 · L3 · A · 30/30

After a big lunch, your body releases insulin and your blood sugar comes back down.
example

Bio · U0 · L3 · A · 21/30

A bean seedling in the school garden adds 2 cm of height a week.
example

Bio · U0 · L3 · A · 10/30

Respond to the environment

Bio · U0 · L3 · A · 24/30

A maple leaf captures sunlight and stores the energy in sugar.
example

Bio · U0 · L3 · A · 23/30

A prion
a misfolded protein that spreads

Bio · U0 · L3 · A · 03/30

A shed deer antler
hard case

Bio · U0 · L3 · A · 01/30

Reproduce

Bio · U0 · L3 · A · 09/30

A freshwater amoeba pumps out extra water so it does not burst.
example

Bio · U0 · L3 · A · 14/30

Over many generations, bacteria in a hospital become resistant to an antibiotic.
example

Bio · U0 · L3 · A · 20/30

Evolve and adapt (populations)

Bio · U0 · L3 · A · 25/30

A salt crystal
growing in a dish

Bio · U0 · L3 · A · 04/30

Maintain homeostasis

Bio · U0 · L3 · A · 13/30

You have your mother's dimples because her DNA was copied into you.
example

Bio · U0 · L3 · A · 19/30

A monarch caterpillar becomes a butterfly inside its chrysalis.
example

Bio · U0 · L3 · A · 22/30

Two cardinals raise a nest of chicks in a backyard holly.
example

Bio · U0 · L3 · A · 11/30

A flu virus
hard case

Bio · U0 · L3 · A · 18/30

A gene from a jellyfish, placed in a bacterium, makes the bacterium glow green.
example

Bio · U0 · L3 · A · 12/30

Made of cells

Bio · U0 · L3 · A · 26/30

Cheek cells scraped onto a slide show many small cells, each with a nucleus.
example

Bio · U0 · L3 · A · 06/30

A mule
horse × donkey; cannot have offspring

Bio · U0 · L3 · A · 08/30

A Venus flytrap snaps shut when an insect brushes its trigger hairs.
example

Bio · U0 · L3 · A · 02/30

A drop of pond water under the microscope shows a paramecium: one cell, swimming.
example

Bio · U0 · L3 · A · 15/30

A box turtle eats berries and earthworms.
example

Bio · U0 · L3 · A · 27/30

Grow and develop

Bio · U0 · L3 · A · 28/30

A pill bug curls into a ball when you touch it.
example

Bio · U0 · L3 · A · 17/30

A volcano
grows and erupts

Bio · U0 · L3 · A · 16/30
